HONORARY CHAIRS:
Prof. Jinpeng Huai, Beihang U. China
Prof. Tianmiao Wang, Beihang U. China

GENERAL CO-CHAIRS:
Prof. Edwin Sha, U of Texas at Dallas, USA
Prof. Dianfu Ma, Beihang U.
Prof. Jian Ma, Nokia Research Center

PROGRAM COMMITTEE CO-CHAIRS:
Prof. Jason Xue, City University of Hong Kong, Hong Kong
Prof. Zili Shao, HongKong Polytechnical University, Hong Kong
Prof. Jianwei Niu, Beihang U.

STEERING COMMITTEE CHAIR:
Prof. Laurence T. Yang, St. Francis Xavier Univ., Canada
Prof. Xiang Long, Beihang U.
Prof. Wei Wu, Beihang U.
Prof. Yunhong Wang, Beihang U.
Prof. Hongxing Wei, Beihang U.

PUBLICITY CO-CHAIRS:
Prof. Meikang Qiu, U. of New Orleans, USA
Prof. Yongxin Zhu, Shanghai Jiaotong U
Jun Hu, Nanjing U. of Aeronautics and Astronautics, China
Yian Zhu, Northwestern Polytechnical U.
Prof. Jingwei Tian, Beijing Union U.
Prof. Guoyin Zhang, Harbin Engineering U.
Xiumin Shi, Beijing Institute of Technology

REGISTRATION CHAIR:
Prof. Yimei Kang, Beihang U.
Prof. Diansheng Chen, Beihang U
Prof. Xiaopeng Gao, Beihang U
Guangyun Ma, Beihang U

LOCAL ORGANIZATION CHAIR:
Prof. Limin Sun, Institute of Software, Chinese Academy of Sciences
Prof Cai Meng, Beihang U
Youdong Chen, Beihang U

PUBLICATION CHAIR:
Prof. Wusheng Chou, Beihang U
Prof. Ziping Jia, Shandong University

IMPORTANT DATES:

Paper submission Due
April 16th, 2008
Notification of Acceptance
**June 1, 2008**
Final camera-ready paper
July 6, 2008
Author Registration
July 6, 2008

CALL FOR PAPERS
SEC 2008

The Fifth IEEE International

Symposium on **Embedded Computing**

Beijing, China   October 6-9, 2008

http://conference.cs.cityu.edu.hk/sec08

SCOPE AND INTERESTS:

The IEEE SEC is aiming to be a premier international conference in embedded and ubiquitous computing. Among the main topics (but not limited to) are:

*Embedded System Architectures
*Cyber-Physical Systems
*Security and Fault Tolerance
*Embedded Hardware Support
*Hardware/Software Co-design
*Real-time Systems
*Sensor Networks
*Multimedia and Data Management
*Human-computer Interaction
*Mobile Computing
*Agents and Distributed Computing
*Embedded Software Development and Optimizations
*Power and Energy-aware Computing
*Pervasive Computing & Communications
*Middleware and Peer-to-Peer Computing
*Internet Computing and Applications
*Application-specific Processors and Devices
*Industrial Practices and Benchmark Suites
*Supporting Technologies: SoC, FPGA, etc.
*Embedded & Ubiquitous Applications Development
*Emerging New Topics: New challenges for next generation embedded computing systems, arising from new technologies (e.g., nanotechnology), new applications (e.g., ubiquitous computing, embedded internet tools), new principle (e.g., embedded engineering), etc.

SUBMISSION INFORMATION:

Go to the conference web site to submit papers.
Submitted papers should represent original, substantive research results. We will not accept any paper which, at the time of submission, is under review for or has already been published (or accepted) for publication in another conference or journal venue.
Submissions should include an abstract with 5-10 keywords, the e-mail address of the corresponding author, and must not exceed 20 pages, including tables and figures, in PDF format. Submission of a paper should be regarded as assurance that, should the paper be accepted, at least one of the authors should attend the conference to present the work.
Contributions will be reviewed by at least three reviewers from both Program Committee and external reviewers for relevance and technical contents on basis of papers. **Accepted papers will be published by IEEE Computer Society Press.** Selected papers will be published on a special issue of Journal of Embedded Computing from IOS Press, The Netherlands.
